

Wolf howling at the moon as a signal to attain the meeting

Leader of the Wolves starts the meeting
Kayla: "I've called you'll here because Shere Khan who has been peaceful until now has begun to cause trouble"

Kayla: "I'm warning every member of the pack of the danger on the other side of the Kohinoor river in Shere Khan's territory"

Mowgli arrives late for the meeting of the pack

Lila: "Coming late to the meetings is a proof that he doesn't know to be a wolf, he can't even hunt "

Lila: "I'm against the wolf partaking in a human"

Mowgli gets angry at Lila but apologises for coming late to the meeting

Lila: "Grandfather, I'll never accept his apology and I'll never accept him as a member of this Wolf Pack "

Mowgli tries to hunt and prove that he's a worthy wolf but fails to hunt a rabbit

Out of frustration he break a piece of a bark and throws it away

Mowgli:"Huh, I'll never be able to do it"

Suddenly the piece of wood returns back

Mowgli:"That's interesting"

Mowgli tries it again to see if it returns again

It returns back again

Mowgli tries to hunt a rabbit with the wooden piece

And he successfully does

Mowgli: "This thing really works!!!"

Mowgli shapes the wooden piece into a Boomerang and masters his hunting skills

Protective Bagheera who always has a watch on Mowgli was impressed by his inventiveness

Bagheera: "But since you didn't notice me you have a long way to go"

Mowgli: "Isn't this great, I got two in one shot?"

Angry Baloo shouts at him for not taking a lesson before going out for hunting
